Response

The beneficiary account 1XXXXX8842 has been restricted. The available value presently held against the incoming transfer is **R41,000**. Our transaction review shows R54,000 moved onward before restriction.

The beneficiary account was opened 11 days before the incoming payment. Our screening record shows a SAFPS mule-registry match associated with the beneficiary account. This statement is limited to the receiving-account position at the time of this reply.
