

Counterparty Funds Trail															
Observed positions at case creation Same funds moving, not additional customer loss															
Counterparty Ref	Observed At SAST	Origin	Direct from Customer Loss?	Party / Account	Institution	Counterparty Class	Customer Item Refs	Amount Received	Amount Moved On / Withdrawn	Amount Remaining	Account Age Days	SAFPS Registry Result	FSCA Licence Status	FICA Accountable Institution	Evidence Source
CP-51890-01	2026-08-12 19:45	disputed-item	Yes	PRIMEGOODS SA + NEXAPAY DIGITAL merchant proceeds	Payment Acquirer	Merchant - online retailer via acquirer	AUTH-51890-01; AUTH-51890-02; AUTH-51890-03	R135,500.00	R135,500.00	-	42 / 28	Not applicable	Not recorded in this source	Not recorded in this source	Auth log + acquirer settlement trace
CP-51890-02	2026-08-13 02:15	onward-movement	No	Merchant settlement account	Counterparty Bank A	Banked corporate		R135,500.00	R95,000.00	R40,500.00	Not recorded	No result recorded	Not applicable	Yes	Interbank trace
CP-51890-03	2026-08-13 06:40	onward-movement	No	Individual account	Counterparty Bank B	Individual account - other bank		R95,000.00	R54,000.00	R41,000.00	14	Confirmed hit	Not applicable	Yes	Interbank trace + SAFPS result
CP-51890-04	2026-08-13 07:55	onward-movement	No	Customer wallet	Licensed CASP	Licensed crypto asset service provider		R54,000.00	R13,000.00	R41,000.00	Not recorded	Not applicable	Active	Yes	Bank-to-CASP trace

Observed Onward Movements							
Each row follows money after the three customer card payments							
Movement Ref	Timestamp SAST	From	To	Amount ZAR	Origin	Customer-Initiated?	Evidence Source
MOV-51890-01	2026-08-13 02:15	Payment Acquirer settlement	Counterparty Bank A merchant settlement account	R135,500.00	onward-movement	No	Acquirer settlement trace
MOV-51890-02	2026-08-13 06:40	Counterparty Bank A merchant settlement account	Counterparty Bank B individual account	R95,000.00	onward-movement	No	Interbank trace
MOV-51890-03	2026-08-13 07:55	Counterparty Bank B individual account	Licensed CASP customer wallet	R54,000.00	onward-movement	No	Bank-to-CASP trace

Funds-Trail Reconciliation

Mechanical checks preserve the difference between customer loss and onward recovery scope

Check	Actual	Expected	Difference	Status	Notes
Customer loss total	135,500.00	135,500.00	-	OK	Only the disputed-item row counts as loss
Direct-from-customer counterparty rows	1.00	1.00	-	OK	Merchant/acquirer cluster corresponds to three customer card items
Onward-movement counterparty rows	3.00	3.00	-	OK	Recovery targets only
Counterparty Bank A amount remaining	40,500.00	40,500.00	-	OK	Received 135,500 less 95,000 moved onward
Counterparty Bank B amount remaining	41,000.00	41,000.00	-	OK	Received 95,000 less 54,000 moved onward
Licensed CASP amount remaining	41,000.00	41,000.00	-	OK	Received 54,000 less 13,000 converted and withdrawn
Potentially recoverable trace position	122,500.00	122,500.00	-	OK	Sum of current Bank A, Bank B and licensed-CASP positions
Current positions plus confirmed gone	135,500.00	135,500.00	-	OK	Trace reconciles to original customer loss

Data Dictionary		
The trail is recovery scope; it is not a second transaction ledger		
Field	Meaning	Type
Origin	disputed-item means the customer card loss; onward-movement means later third-party movement	Text
Direct from Customer Loss?	Yes only where the observed receipt corresponds to the three customer card payments	Boolean text
Customer Item Refs	Underlying authorisation references where applicable	Text
Amount Received	Amount entering that observed position	Currency
Amount Moved On / Withdrawn	Amount later sent onward or converted and withdrawn from that position	Currency
Amount Remaining	Formula: amount received less amount moved on / withdrawn	Formula
Account Age Days	Age observed from the counterparty or trace source; may be unrecorded	Number/text
SAFPS Registry Result	Raw registry match result when available	Text
FSCA Licence Status	Raw licensing status in the trace source	Text
FICA Accountable Institution	Recorded institutional classification, not an action recommendation	Text
Evidence Source	Originating trace or registry source	Text
