

24-Month Statement History

Nomvula Dlamini | TOKEN-FNB-CF-52377-2260 | 13 Aug 2024 to 12 Aug 2026

CASE-EVIDENCE SUMMARY		
Metric	Value	RETRIEVAL NOTES
History rows	224	This workbook is synthetic account evidence and contains no case decision. The current reported debit is held in auth-log-52377.xlsx and is not duplicated here. Recurring relationships must be derived from the transaction rows and supporting registers. A separate mandate register and descriptor resolver provide relationship context. The workbook records transactions and balances only.
Window start	2024-08-13	
Window end	2026-08-12	
Closing evidence-window balance	R6,400.00	
Prior fraud disputes recorded	0
